

SPIDER CONDITION

POOR

Shrunken abdomen indicates poor condition. Feed immediately. Investigate problems if food not taken.

HEALTHY

Healthy size. Offer food, but no concern if food not taken.

PLUMP

Very plump. No need to offer food. Assess again in a week.

SPIDER PREY SIZE

SPIDERLINGS (SLINGS)

Offer one small prey item once or twice per week.

MID-SIZED SPIDERS

Offer one medium prey item once per week.

ADULTS

Offer two large prey items once per week.
